

**MAN, IT IS HOT!**—Business at the local swimming pool is picking up this week as youngsters flock to the pool to beat the hot weather. Cloudy, cool weather last week slowed down the activities at the pool but a large crowd was on hand Saturday as temperatures climbed around the 100 degree mark. A good crowd of youngsters took advantage of the cool water again Tuesday when this picture was taken.

##### And What Have You

By BOB CRAIG

The membership committee of the Board of Community Development, headed by Mrs. Robert Fowler, has launched a drive for new members and if you are not presently a member then you need to give serious consideration to joining.

The BCD needs more members, both from the standpoint of the dues income and from the standpoint of more interested citizens.

The usual question asked when someone is approached about joining is, "What is the BCD doing?" As a past president of the organization I can truthfully say that your BCD is doing just about all it can with the limited budget and manpower that it currently has available.

Because of the limited amount of money available through dues, the BCD has a hard time taking on many of the projects that its directors would like to do. At the present time the dues just about pay the monthly operating expenses and a few annual projects such as the annual County Livestock Show.

But as to what the BCD is doing for Hamlin — it does just about everything that it has manpower to do. The big need is more interested people who are concerned about the future of Hamlin and this area.

No matter what size the town or the size of the budget, no BCD or Chamber of Commerce can hire someone to do all of the work. Chambers and BCD's are public spirited organizations or else they are nothing. Big cities have more staff members to direct the operations and handle the paper work, but it still falls back on the interest of the local citizens as to how much work gets accomplished.

If you have not joined the BCD because you don't feel it is doing anything worthwhile then why don't you join, become active, and help promote your pet project. The people who are doing all the work now are just common citizens like yourself — with one big exception — they are interested enough in Hamlin to devote some of their time and money to its future.

If you are contacted by the committee to join the BCD, won't you please donate a little of your money and then take an active part in the organization to see that your money is spent wisely. If the BCD is not doing as much as you think it should it is probably just because you have not been doing your fair share.

Here's one from the "what will they think of next" department: Companies are manufacturing

## Stage Band Reaches Goal

The goal has been reached for the Hamlin High School Stage Band's European tour, according to Mrs. Robert Cary, chairman of projects for the \$30,000 effort.

Mrs. Cary said Tuesday that the first goal to pay the tour expense for the 22-member band was reached and later the necessary money for the round trip flight from Dallas to New York was raised. Now after having enough for the chartered bus trip to Dallas, the money received will go toward the expense of one meal per day and refresh-

ments for the band members, Mrs. Cary said.

Furnished in the tour are transportation from New York, hotel accommodations, two meals per day, and transportation while in Europe.

The band leaves July 21. They will be accompanied by Director and Mrs. Tim Jones, Mr. and Mrs. Joe E. Ford, Mrs. S. C. Hollis, Mrs. C. L. Howard and Lola Milstead.

The tour is being sponsored by International Jazz Tours, Inc. The band will be appearing in several concerts in Europe.

## Briscoe-Creason Win Local Golf Tourney

Jerry Briscoe and Gary Creason held onto their first round lead in the annual Hamlin Country Club's June Partnership golf tournament here Sunday to win the championship flight by four strokes.

Briscoe and Creason fired a team-score of 65 for the

second straight day, beating Brooks and Pearson, who had a 131.

The champions are recent graduates of Hamlin High School. Texas A & M golfer Scott Morgan and Texas Tech golfer Allen Carmichael wound up third, a stroke back, losing a playoff to Brooks and Pearson, who closed out with a 63 round Sunday.

Jimmy Hastings and Randy Brown won the first flight with a 144 and Newland and Fletcher took the second flight at 147. Third flight winners were Fowler and Willbanks (157) and Hymer and Hymer won the fourth (160).

**Championship Flight**

He attended school here and moved away when a junior in high school. He lives in Kent, Wash., and is employed in Seattle.

## City-Wide Tennis Tourney Opens Saturday Morning

The City-Wide Tennis Tournament, sponsored by the Board of Community Development, will get underway here Saturday morning at 9 a.m., according to Marilyn Weaver and Gary McMillan, co-chairman.

All first round play and some of the finals will be played Saturday using both the junior high and high

school courts. The remaining finals will get underway Sunday afternoon at 1 p.m.

Saturday morning play will get underway with the boys' 10-12 singles at 9 a.m. This will be followed at 11 with the Ladies' 19-30 singles and the boys' 15-18 singles at 1 p.m. The ladies' 19 and over doubles will start play at 3 p.m. and the men's 30 and

over singles will begin play at 4.

Also starting at 4 will be the boys' 15-18 doubles. At 6 p.m. the mixed doubles and the men's 19-30 doubles will be played. The men's 19-30 singles will start at 7 p.m.

Complete brackets will be posted in the stores that have handled the registration, at the BCD office and at the courts.

All matches will be limited to 45 minutes with whoever is ahead declared the winner if the time limit is up.

Balls will be furnished by the BCD and ribbons will be presented to the winners.

Thirty-four individuals have entered the various single divisions, with 16 teams entered in the doubles and 12 teams entered in the mixed doubles.

## City Council Grants Gas Company 10¢ Rate Hike

The City Council granted a 10 cent per thousand cubic feet rate increase to Lone Star Gas Company here Monday evening at their regular monthly meeting. The request was made to the council by Byron Swank, local manager.

The council also voted to enforce an existing ordinance prohibiting any property owner from elevating their driveway above the existing level of the curb and gutter or drainage ditch. This action was brought about by many complaints of obstructions backing water up on adjoining property.

Swank told the council in making the request for the 10 cent increase that it would cost the average customer 68 cents more per month. The request for the increase was brought about when the Texas Railroad Commission issued an Interlocutory Order effective May 1 which increased the cost of gas coming into Hamlin by 10 cents.

Swank told the council, "In view of the new gas rate ordered by the Railroad Commission of Texas, and in view of the increased costs being incurred by our distribution division, we are requesting this increase in rates explained in the application previously furnished each City Official and filed with your City recently."

Under the new rate which will go into effect 30 days after being approved by the Council, customers will pay \$2.2175 for the first 800 cu. ft. of gas as opposed to the present rate of \$2.1175. This is an increase of 4.7 percent. The next 1,200 cu. ft. will increase from \$1.9709 to \$2.0709 or an increase of 5 percent. The next 3,000 cu. ft. will be increased by 6 percent with the new rate \$1.5709 over the old rate of \$1.4709.

### Foursquare Church To Hold Revival

Foursquare Gospel Church will hold a revival starting Friday and continuing through Sunday evening, beginning each evening at 7:30.

Rev. and Mrs. Hugh Harris of Brownfield will be bringing a ministry of music and preaching in the power of the Holy Ghost, according to Rev. Claud Fry, pastor. Everyone is cordially invited to attend.

### Lloyd Burkhart Is City Judge

Lloyd Burkhart, retired Shell Company employee, has been named Hamlin City Judge to succeed A. B. Carlton.

Carlton resigned recently.

Customers using 10,000 cu. ft. of gas are currently paying \$14.60 and their new charge will be \$15.60 or an increase of 6.8 percent.

In attempting to solve some of the city's drainage problems, the council ordered City Superintendent Ellis West to begin grading out all of the ditches that are currently blocking the flow of drainage water and to

remove any pipes or tin horns that have been placed in the ditches by property owners.

Gene Prewitt, chairman of the Hamlin Housing Authority, appeared before the council to discuss the possibility of the Housing Authority checking in to the need for more low-rent housing for the city.

Under the program being discussed by the Authority,

the units would be 100 percent financed by the Farmers Home Administration and administered by the present Housing Authority.

The council voted to recommend that the authority conduct a housing survey to determine if a need for more housing existed.

### Two Patrolmen Join Local Force

Two new Patrolmen have been added to the Hamlin Police Department, according to Police Chief Ed Wheat.

Clifford Jack Vaughan, formerly of Abilene, started on the force June 1 and Donnie Fitts, formerly of Aspermont, started June 9. Vaughan is a native of Santa Anna and was graduated in 1956 from Coleman High School.

He was deputy sheriff in Crockett County from 1969-1973; served with the U. S. Army from 1956-1965; was employed with the Abilene Fire Department from 1965-1968; was with Oak Farms Dairy from 1968-1969 and was with Foremost Foods in Abilene from 1973 until moving to Hamlin.

He is a Baptist. His wife Shirley is a bank teller at First State Bank in Abilene. They have a daughter, Jeannie M., 16. They live at 248 S. W. Ave. D.

Patrolman Fitts is a 1969 graduate of Jayton High School and attended South Plains College in Levelland. He was formerly a ranch hand and later a deputy sheriff in Stonewall County.

He and his wife Betty Joyce reside at 147 S. W. Ave. B.

## Moore Elevator Goes Over Million Mark

Moore Elevator surpassed the million bushel mark here last Thursday for the first time in the history of the local elevator, according to Robert Fowler, manager.

The previous wheat harvest high for the local elevator was more than 900,000 bushels in 1968. But this was the first season for the elevator, started in 1916 by Fred B. Moore Sr., to go over the million bushel mark.

A new one-day high was set June 3 when more than 140,000 bushels of wheat crossed the scales and went into the pit.

Fowler said that the harvest here would probably continue for the rest of this week. The price of the bumper crop of wheat has remained at \$2.85 since near the start of harvest and has not changed more than 15 cents since the beginning of the harvest.

Through Monday evening, the total wheat weighed in by Moore Elevator was 1,112,425 bushels.

## COURTS SPEAK

The State Supreme Court will review for the first time a case raising the issue of an unwed father's paternal rights.

An intermediate court held the state family code did not intend to give an unwed father absolute right to establish a parent-child relationship.

The Court of Criminal Appeals reversed the 90-year sentence of a man convicted in the Hutchinson County stabbing death of a woman in 1971. The Court noted the state introduced testimony in the murder trial that the man had raped a woman four days earlier in Odessa. The appellate Court said the alleged rape was unrelated to the murder, and testimony was prejudicial to the defendant's right to fair trial.

Federal suits have been filed to redistrict Waller and Harrison counties (commissioners' precincts) to increase black representation.

## AG OPINIONS

A commissioners court cannot legally purchase supplies from a farmer's cooperative in which a commissioner owns one or more shares, Atty. Gen. John L. Hill held.

In other recent opinions, Hill concluded:

The county court of Jefferson County has concurrent jurisdiction with county courts at law in probate, lunacy, juvenile and eminent domain matters.

Courts at law have exclusive jurisdiction in all other civil criminal matters.

There is convincing evidence of a break in the recession, according to the University of Texas Bureau of Business Research.

Comptroller Bob Bullock said audits and field examinations by his office found \$1.8 million owed the state in back taxes.

FROM THE FILES . . .

FIFTY YEARS AGO  
(June 19, 1925)

They City Park was the scene of a most delightful evening Tuesday. The Hamlin Band delivered their weekly concert from seven-thirty to eight-thirty and Mr. S. M. Gloyd, of Oklahoma City, President of the Texas Cement and Plaster Company delivered an address on his recent "round the world" trip.

For several weeks there has been under construction at the South end of Central Avenue one of the most attractive and up-to-the-minute filling stations in this part of the country. It is a combination affair. Two gas stands modernly operated, a good sized store room for accessories and for groceries and cold drinks, and still that's not all. Up in the second story are rooms for the people to live in who operate the plant. Electric lights and city water complete the station. Near by are ample camping grounds for the traveler. This plant is owned by Dr. L. P. McCrary, but the operators and owners of the stock are B. E. Sparks & Sons.

According to Band Master, G. C. Collum, Haskell is going with their band and big delegation to Paducah to attend the District meeting of the W. T. Chamber of Commerce. They are expecting to bring the next District meeting to their city.

The Big Lake Oil Co., today paid the State \$123,000 royalty on oil produced on University of Texas land in Reagan county during May, an increase of over \$42,000 over the previous month. The May payment breaks all records.

TWENTY YEARS AGO  
(June 17, 1955)

The weather man dealt out an assortment of weather in the Hamlin area Tuesday afternoon and night that was both beneficial and destructive. Some muchly needed moisture came and yet wind and hail damage to crops and buildings reached thousands of dollars. Rainfall of 1.42 inches was recorded at the government gauge in Hamlin. The fall amounted to two inches north and northwest of town and up to nearly four inches in the Sylvester and Royston sections west of town. Hail damage extended in a hop-skip-and-jump patterns, with the worst damage probably northeast of town and in the McCaulley and Royston areas.

New police patrol car recently purchased for the City of Hamlin arrived over the weekend and was put into service Tuesday by the three member police force. The car is a six-cylinder Chevrolet with special battery equipment. The light green car will be spotted with a police sign on the front doors of each side.

Sol and Ed Branscum, members of the Hamlin Volunteer Fire Department, were this week attending the annual convention of the Texas Firemen's and Fire Marshals Association in Dallas. They left Sunday and were due to return home Thursday.

Tommy and Ronnie Flenniken, sons of Mr. and Mrs. T. W. Flenniken of Crosbyton, former long time residents of Hamlin, each won a saddle last week at the Fort Worth Horse Show Rodeo. The boys, ages 17 and nine, won the saddles by virtue of their accumulated scores in 14 events in which they participated.

Leveling course of asphalt material on the 19-mile highway stretch from Hamlin to Anson on Highway 83 was due to be com-

pleted by mid-week, according to representatives of Collins Construction Company of Austin.

TEN YEARS AGO  
(June 17, 1965)

Revonna Kay Robertson, Sue Roddy, Sharon Hawkins and Cynthia Stephens, chapter officers for the coming year in the local Future Homemakers of America, attended a FHA workshop at the Texas Tech University Tuesday and Wednesday. They were accompanied by Homemaking teachers, Mrs. Camille Simmons and Mrs. John D. Ferguson.

Nine Hamlin students will attend the 18th annual McMurry College Band and Twirling school, July 11-24, and Tim Jones, Hamlin band director, will be one of the instructors. The Hamlin students having been accepted for the school are Dianna Crowley, Jane Hymer, Sharee Renee Nail, Patti Murphree, Terese Perrin, Patricia Perrin, Patty Cowan, Reta Grace Oliver and Linda Legan. Nearly 500 students from Texas, New Mexico, Oklahoma and Kansas took part in the band school last year.

Grasshoppers, cutworm and web worms have been reported in fields of young cotton in Jones County, according to word this week from County Agent, Kirby Clayton. The hoppers have been damaging the young cotton in the Stamford area and may be a threat to other areas, says Clayton.

The annual Jaycee Junior Golf Tournament will be held on Friday June 18, 1:30 p.m. at the Hamlin Lakeview Golf Course. The tournament will be medal play. All boys 12 through 17 years old are eligible to enter. There will be no entry fee and no trophies will be given.

The Hamlin Colts played Haskell Redskins here Friday and were beaten 3-1. Haskell scored two runs in the top half of the sixth to win. Paul Long pitched the game for Hamlin. The Colts will play Anson here Friday night. The first game that Hamlin played Anson was won by Hamlin, 9-2, but they were defeated 7-6 last week in Anson.

radios that pick up TV signals, and they are selling better than expected.

People who don't care about the TV picture are those who want to catch television news shows or sporting events not available on the radio.

However, the big market is housewives who keep up with daily soap operas but don't feel the need to watch as they know the characters as well as their own families.

With the schools going to the quarter system this fall there will probably be some confusion on the part of parents. The original intent of the quarter system was to use the school facilities the year round with each student only going three-quarters but with staggered vacation periods. But this did not work out because of the availability of teachers and the high cost of summer air conditioning.

So we ended up with the same old school year but now it will be divided into three quarters instead of two semesters. Apparently, after looking at one of the new report cards the new system will also do away with the six weeks grading system and there will just be one grade per quarter. Some students may like this better although those students who have conned their parents into paying for every A may want to negotiate a new contract.

FOR EVERY  
PROBLEM,  
THERE IS  
A SOLUTION

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

or imposed subsequent to May 1, 1975, upon or allocable to the Company's distribution operations, by any new or amended law, ordinance or contract. Each gross monthly bill shall be adjusted proportionately. Company, at its option, may forego the application of any adjustment if such adjustment would result in an increase in the monthly bill; however, failure of Company to apply any adjustment shall not constitute a waiver of Company's right from time to time, or at any time, to make any adjustment, in whole or in part, in any subsequent current monthly bill that may be applicable to such bill.

Net rate shall apply to all bills paid within ten days from monthly billing date; gross rate shall be applicable thereafter.

The above rate is applicable to each residential and commercial consumer per meter per month or for any part of a month for which gas is used at the same location.

In addition to the aforesaid rates, Company shall have the right to collect such reasonable charges as are necessary to conduct its business and to carry out its reasonable rules and regulations in effect.

**SECTION 2.** The rate set forth in Section 1 may be changed and amended by either the City or Company furnishing gas in the manner provided by law. Service hereunder is subject to the orders of regulatory bodies having jurisdiction, and to the Company's Rules and Regulations currently on file in the Company's office.

**SECTION 3.** It is hereby found and determined that the meeting at which this ordinance was passed was

## Reddy's helpful tips for your Room Air-Conditioners

Your air-conditioner will operate inefficiently if filters are not cleaned regularly. Dirt and lint, collected on the filters, restricts air flow to the coils. Clean filters every two weeks.

Let nature help you save energy by shading your home with trees and shrubs to help cut down on summer cooling costs. Draw draperies against afternoon sun.

Remember to keep outside doors, windows, and fireplace dampers closed. If you have window units, close the heating vents near the floor, as cool air falls and can escape through vents.

You purchased fine home comfort when you bought your air conditioning unit. Properly maintained, it will offer you years of efficient service. A once-a-year check-up by your dealer pays dividends in savings on operating and breakdown costs.

## Co. Agent Sounds Screwworm Alert

Warm weather and rains over a big part of Texas have combined to provide ideal conditions for the most serious livestock pest in the state—the ever menacing screwworm.

"Stockmen should be particularly alert for this flesh-eating pest at this time because infestations can build up rapidly in late spring and early summer unless all cases are reported as soon as possible," points out Kirby Clayton, county agent for the Texas Agricultural Extension Service.

"Regular herd checks and the treatment of all wounds is essential to keep screwworm cases at a minimum," emphasizes Clayton.

Any worms found in livestock wounds should be sent to the Mission Lab, Box 969, Mission, Texas 78572. Kits for mailing the worm samples are available from the county Extension office and local livestock inspectors and veterinarians.

"If the worms are confirmed as being screwworms, sterile male flies will be dropped over the area where the confirmed cases originated," explains

Clayton. "These sterile males mate with the female screwworm flies, and the eggs that are produced will not hatch. Since the female flies usually mate only once in their lifetime, their life cycle is ended. When enough sterile matings have occurred, eradication of the screwworm is achieved."

For the eradication program to be effective, prompt reporting of all worm cases by stockmen is paramount, emphasizes Clayton. Screwworms are found most often in the navels of newborn calves. Also, "Working" wounds such as those resulting from shearing, docking, ear-marking, branding and castrating are prime locations for screwworm flies to lay their eggs.

Therefore, Clayton advises postponing such "work" on stock until late fall after the danger of screwworms has subsided. However, if such work is absolutely necessary, a USDA-approved spray or dip will help reduce the risk of screwworm infestations.

### Funeral Services Held Tuesday for Thomas Conner

Funeral for Thomas B. (Tom) Conner, 87, was held Tuesday at 2 p.m. at McCoy Chapel of Memory with O. R. Proctor, minister of the Oak Street Church of Christ in Abilene, officiating.

Mr. Conner, a resident of Hamlin since 1916, died at 3:20 p.m. Sunday at Hamlin Memorial Hospital.

He was born Jan. 17, 1888, in Greenville, son of the late Mr. and Mrs. Thomas J. Conner. He married Rosie Stiles at Elmore City, Okla., April 7, 1906.

He was a railroad employee for 19 years and then was employed by Moore Grain Company until he retired.

Survivors include five sons, Ref, Alvin, Thomas of Lubbock, James of Tye and Cecil of Dallas; two daughters, Mrs. Hazel Mahan of Abilene and Mrs. Ola Mae Bogle of Lubbock; three brothers, Jerry of Bolder City, Nev., Bryant and Travis; three sisters, Mrs. Gertie Sortor of Ennis, Madge Norman of Austin and Pearl Miller, 34 grandchildren and 36 great-grandchildren.

Burial was in Hamlin East Cemetery under the direction of McCoy Funeral Home.

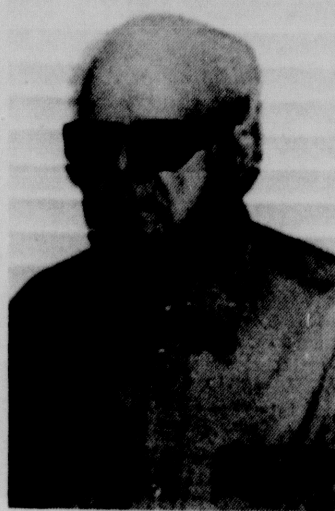

Pallbearers were Robert Fowler, Lonnie Kidd, Jerry Pritchard, Lee Hastings, Ester Hastings and Langford McCracken.

### John Howard III Honored At A&M

John V. Howard III, a junior agriculture economics major at Texas A & M University, earned the designation of a "Distinguished Student" for the spring semester. He is among those students that compiled a grade point average of 3.25 or better.

After receiving an "A" in Principles of Economics during the past semester, he has been invited to pursue this field further and become a major in economics by Wendy L. Gramm, associate professor, department of economics.

Howard is the son of Mr. and Mrs. Jno. V. Howard.

### Funeral Services Held Monday for Will Address, 90

W. F. (Will) Address, 90, a Hamlin resident since 1912, died at 10:10 p.m. Saturday at Holiday Lodge nursing home.

Services were held at 2 p.m. Monday at First Baptist Church with the Rev. Marshall Stewart, pastor of the Church of the Nazarene, and the Rev. Lewis Clegg, pastor of the Buffalo Gap Nazarene Church, officiating.

Burial was in Hamlin East Cemetery, under the direction of McCoy Funeral Home.

Born Feb. 28, 1885, in Rusk, he was the son of the late Mr. and Mrs. Jim Address. He moved to Comanche at the age of five. He married Jessie Dillingham at Comanche in 1907.

They moved to Hamlin in 1912 where he was a farmer and later a building contractor. He became blind at the age of 43 and sold popcorn in downtown Hamlin for about 30 years. He also managed rent property. His wife died in 1971.

Survivors include two sons, James of California, Marvin of Breckenridge; four daughters, Mrs. W. H. (Naomi) Mayfield of Roby, Mrs. Grace Holder of Gardena, Calif., Mrs. Sybil Dryden and Mrs. Cal (LaNelle) Brown, both of California; one brother, Buck Address of Brownfield, 16 grandchildren and several great-grandchildren. One son, Carl, preceded him in death.

Pallbearers were Bill Smith, Noel Weaver, J. C. Turner, Donald Young, Raleigh Reynolds and M. S. Johnson.

### W. H. Albritton Named TADA Area Director

W. H. Albritton of Albritton Buick-Rambler-GMC, Hamlin, has been appointed to the key post of area director of the Texas Automobile Dealers Association.

Gene N. Fondren, TADA executive vice president in Austin, said Albritton will report to the TADA Board of Directors on all phases of activity relating to the motor vehicle buying public in Hamlin.

"Albritton will work closely with legislative and other governmental officials on all matters pertaining to the industry and the auto buying public," commented Fondren.

"The job of Area Director is one of the most important in our giant statewide association," said TADA president Hall Nall of Plainview.

## Neinda Philosopher Figures Out System Of Guaranteed Accuracy In Economic Forecasts

Editor's note: The Neinda Philosopher on his Johnson grass farm on Route One examines the economists again this week.

Dear editor:

Most of the economists, who didn't know the recession was coming, are now saying it's ending, at least if not this quarter then the next quarter or the next one after that, somewhat like the football coach who said he could have won if there'd been five or maybe six quarters in the game.

So now the problem, they say, is inflation which, as one of them said, "everybody knows is caused by too much money chasing too few goods." This of course leaves out one other factor: the greed that causes bigger and bigger mark-ups. With us and the Arabs for example, it's less and less money chasing

more and more oil at higher and higher prices. And sometimes I get the feeling some outfits in this country are using the Arab system.

Economists though are in such bad repute I've decided to come to their rescue, and am establishing the J. A. School Of Guaranteed Accuracy In Economic Forecasts.

It will be divided into three parts. Viewing the current situation for example, Part A will say things are getting better; Part B will say things are getting worse; Part C will say they're back six months from now, pick out one prediction and ignore the other two, and say, you know, he was right about that.

I don't know what economists get paid, but I'll take half what they're getting and consider my salary inflationary.

### CAPITAL HIGHLIGHTS—

## New Program to Boost Economy

AUSTIN — A new program to boost the economy has identified more than 6,000 available jobs in its first month of operation.

Executive Director Jim Harwell of Texas Industrial Commission said the effort represented a 50 per cent increase over projections for the entire year.

Lists of new jobs, starting Monday, were posted on windows of local Texas Employment Commission offices.

Harwell indicated the "Texas First" program may result in identification of more than 15,000 jobs during the year — with an economic impact of more than \$1 billion annually.

Texas Education Agency, Texas Employment Commission, Texas Department of Community Affairs and the Governor's Division of Planning Coordination are participating with the Industrial Commission in the program.

Employees lacking skills are offered training through the Texas Start-Up Training Program conducted by the Industrial Commission and through sponsors of manpower training projects.

More than 200 of the top 1,000 Texas industries responded favorably to a questionnaire on expansion needs.

INSURANCE CALL  
Companies writing general liability insurance were given a June 15 deadline to make medical malpractice insurance filings in Texas.

State Board of Insurance Chairman Joe Christie said the call is the first formal action under emergency legislation permitting the Board to regulate professional medical liability insurance for the first time in 20 years.

The Board's bulletin to insurance companies will require the filing of rules, rates and policy forms presently used in writing medical malpractice coverage in Texas. The Board will act immediately

### Thad Harden Heads Station

Commander Thad H. Harden, U. S. Navy, will assume command of the Naval Communications Station in Washington, D. C., during the change of command ceremony Friday at 2 p.m. at the Naval Communication Station at Cheltenham, Md.

Comm. Harden, a native of Hamlin, lived here as a young child. He is the son of Mr. and Mrs. Harold Harden, now of Kingsland. His grandparents were the late Thad E. and Dollie D. Harden, pioneer settlers in Hamlin.

Comm. Harden graduated from El Paso High School and went into the U. S. Navy. He served several years in the Pacific and Japan.

## Church Sets Bake Sale Saturday

Central Baptist Church will sponsor a bake sale Saturday in front of the Piggly Wiggly Supermarket. All church members are urged to make a cake, pie or cookies. Anyone needing their pastries picked up may call Gary Cooper or Frank Meyner Friday evening.

Proceeds are to go toward paying the expenses of the youth department to attend the Super Summer '75 Youth Evangelism Conference held in Fort Worth July 3-5.

### Miss Wallace On Dean's List

Named to the dean's list for the spring semester at Southwestern Oklahoma State University in Weatherford, Okla., was Mary Jane Wallace, recent graduate. She is the daughter of Mr. and Mrs. Dickie Wallace.

Mr. and Mrs. Billy Weaver are parents of a girl, Andrea Lanett, 8 lbs., born June 16 at 9:15 p.m.

MAN, IT IS HOT!—Business at the local swimming pool is picking up this week as youngsters flock to the pool to beat the hot weather. Cloudy, cool weather last week slowed down the activities at the pool but a large crowd was on hand Saturday as temperatures climbed around the 100 degree mark. A good crowd of youngsters took advantage of the cool water again Tuesday when this picture was taken.

##### And What Have You

By BOB CRAIG

The membership committee of the Board of Community Development, headed by Mrs. Robert Fowler, has launched a drive for new members and if you are not presently a member then you need to give serious consideration to joining.

The BCD needs more members, both from the standpoint of the dues income and from the standpoint of more interested citizens.

The usual question asked when someone is approached about joining is, "What is the BCD doing?" As a past president of the organization I can truthfully say that your BCD is doing just about all it can with the limited budget and manpower that it currently has available.

Because of the limited amount of money available through dues, the BCD has a hard time taking on many of the projects that its directors would like to do. At the present time the dues just about pay the monthly operating expenses and a few annual projects such as the annual County Livestock Show.

But as to what the BCD is doing for Hamlin — it does just about everything that it has manpower to do. The big need is more interested people who are concerned about the future of Hamlin and this area.

No matter what size the town or the size of the budget, no BCD or Chamber of Commerce can hire someone to do all of the work. Chambers and BCD's are public spirited organizations or else they are nothing. Big cities have more staff members to direct the operations and handle the paper work, but it still falls back on the interest of the local citizens as to how much work gets accomplished.

If you have not joined the BCD because you don't feel it is doing anything worthwhile then why don't you join, become active, and help promote your pet project. The people who are doing all the work now are just common citizens like yourself — with one big exception — they are interested enough in Hamlin to devote some of their time and money to its future.

If you are contacted by the committee to join the BCD, won't you please donate a little of your money and then take an active part in the organization to see that your money is spent wisely. If the BCD is not doing as much as you think it should it is probably just because you have not been doing your fair share.

Here's one from the "what will they think of next" department: Companies are manufacturing

## Stage Band Reaches Goal

The goal has been reached for the Hamlin High School Stage Band's European tour, according to Mrs. Robert Cary, chairman of projects for the \$30,000 effort.

Mrs. Cary said Tuesday that the first goal to pay the tour expense for the 22-member band was reached and later the necessary money for the round trip flight from Dallas to New York was raised. Now after having enough for the chartered bus trip to Dallas, the money received will go toward the expense of one meal per day and refresh-

ments for the band members, Mrs. Cary said.

Furnished in the tour are transportation from New York, hotel accommodations, two meals per day, and transportation while in Europe.

The band leaves July 21. They will be accompanied by Director and Mrs. Tim Jones, Mr. and Mrs. Joe E. Ford, Mrs. S. C. Hollis, Mrs. C. L. Howard and Lola Milstead. The tour is being sponsored by International Jazz Tours, Inc. The band will be appearing in several concerts in Europe.

## Briscoe-Creaseon Win Local Golf Tourney

Jerry Briscoe and Gary Creaseon held onto their first round lead in the annual Hamlin Country Club's June Partnership golf tournament here Sunday to win the championship flight by four strokes.

Briscoe and Creaseon fired a team-score of 65 for the

second straight day, beating Brooks and Pearson, who had a 131.

The champions are recent graduates of Hamlin High School. Texas A & M golfer Scott Morgan and Texas Tech golfer Allen Carmichael wound up third, a stroke back, losing a playoff to Brooks and Pearson, who closed out with a 63 round Sunday.

Jimmy Hastings and Randy Brown won the first flight with a 144 and Newland and Fletcher took the second flight at 147. Third flight winners were Fowler and Willbanks (157) and Hymer and Hymer won the fourth (160).

**Championship Flight**  
Jerry Briscoe-Gary Creaseon 65-65—130, Brooks-Pearson 68-63—131, Scott Morgan-Allen Carmichael 64-67—131, Ashbrook-Helms 65-69—134.

He attended school here and moved away when a junior in high school. He lives in Kent, Wash., and is employed in Seattle.

## City-Wide Tennis Tourney Opens Saturday Morning

The City-Wide Tennis Tournament, sponsored by the Board of Community Development, will get underway here Saturday morning at 9 a.m., according to Marilyn Weaver and Gary McMillan, co-chairman.

All first round play and some of the finals will be played Saturday using both the junior high and high

school courts. The remaining finals will get underway Sunday afternoon at 1 p.m.

Saturday morning play will get underway with the boys' 10-12 singles at 9 a.m. This will be followed at 11 with the Ladies' 19-30 singles and the boys' 15-18 singles at 1 p.m. The ladies' 19 and over doubles will start play at 3 p.m. and the men's 30 and

over singles will begin play at 4.

Also starting at 4 will be the boys' 15-18 doubles. At 6 p.m. the mixed doubles and the men's 19-30 doubles will be played. The men's 19-30 singles will start at 7 p.m.

Complete brackets will be posted in the stores that have handled the registration, at the BCD office and at the courts.

All matches will be limited to 45 minutes with whoever is ahead declared the winner if the time limit is up.

Balls will be furnished by the BCD and ribbons will be presented to the winners.

Thirty-four individuals have entered the various single divisions, with 16 teams entered in the doubles and 12 teams entered in the mixed doubles.

## City Council Grants Gas Company 10¢ Rate Hike

The City Council granted a 10 cent per thousand cubic feet rate increase to Lone Star Gas Company here Monday evening at their regular monthly meeting. The request was made to the council by Byron Swank, local manager.

The council also voted to enforce an existing ordinance prohibiting any property owner from elevating their driveway above the existing level of the curb and gutter or drainage ditch. This action was brought about by many complaints of obstructions backing water up on adjoining property.

Swank told the council in making the request for the 10 cent increase that it would cost the average customer 68 cents more per month. The request for the increase was brought about when the Texas Railroad Commission issued an Interlocutory Order effective May 1 which increased the cost of gas coming into Hamlin by 10 cents.

Swank told the council, "In view of the new rate ordered by the Railroad Commission of Texas, and in view of the increased costs being incurred by our distribution division, we are requesting this increase in rates explained in the application previously furnished each City Official and filed with your City recently."

Under the new rate which will go into effect 30 days after being approved by the Council, customers will pay \$2.2175 for the first 800 cu. ft. of gas as opposed to the present rate of \$2.1175. This is an increase of 4.7 percent. The next 1,200 cu. ft. will increase from \$1.9709 to \$2.0709 or an increase of 5 percent. The next 3,000 cu. ft. will be increased by 6 percent with the new rate \$1.5709 over the old rate of \$1.4709.

### Foursquare Church To Hold Revival

Foursquare Gospel Church will hold a revival starting Friday and continuing through Sunday evening, beginning each evening at 7:30.

Rev. and Mrs. Hugh Harris of Brownfield will be bringing a ministry of music and preaching in the power of the Holy Ghost, according to Rev. Claud Fry, pastor. Everyone is cordially invited to attend.

### Lloyd Burkhart Is City Judge

Lloyd Burkhart, retired Shell Company employee, has been named Hamlin City Judge to succeed A. B. Carlton.

Carlton resigned recently.

Customers using 10,000 cu. ft. of gas are currently paying \$14.60 and their new charge will be \$15.60 or an increase of 6.8 percent.

In attempting to solve some of the city's drainage problems, the council ordered City Superintendent Ellis West to begin grading out all of the ditches that are currently blocking the flow of drainage water and to

remove any pipes or tin horns that have been placed in the ditches by property owners.

Gene Prewitt, chairman of the Hamlin Housing Authority, appeared before the council to discuss the possibility of the Housing Authority checking in to the need for more low-rent housing for the city.

Under the program being discussed by the Authority,

the units would be 100 percent financed by the Farmers Home Administration and administered by the present Housing Authority.

The council voted to recommend that the authority conduct a housing survey to determine if a need for more housing existed.

### Two Patrolmen Join Local Force

Two new Patrolmen have been added to the Hamlin Police Department, according to Police Chief Ed Wheat.

Clifford Jack Vaughan, formerly of Abilene, started on the force June 1 and Donnie Fitts, formerly of Aspermont, started June 9. Vaughan is a native of Santa Anna and was graduated in 1956 from Coleman High School.

He was deputy sheriff in Crockett County from 1969-1973; served with the U. S. Army from 1956-1965; was employed with the Abilene Fire Department from 1965-1968; was with Oak Farms Dairy from 1968-1969 and was with Foremost Foods in Abilene from 1973 until moving to Hamlin.

He is a Baptist. His wife Shirley is a bank teller at First State Bank in Abilene. They have a daughter, Jeannie M., 16. They live at 248 S. W. Ave. D.

Patrolman Fitts is a 1969 graduate of Jayton High School and attended South Plains College in Levelland. He was formerly a ranch hand and later a deputy sheriff in Stonewall County.

He and his wife Betty Joyce reside at 147 S. W. Ave. B.

## Moore Elevator Goes Over Million Mark

Moore Elevator surpassed the million bushel mark here last Thursday for the first time in the history of the local elevator, according to Robert Fowler, manager.

The previous wheat harvest high for the local elevator was more than 900,000 bushels in 1968. But this was the first season for the elevator, started in 1916 by Fred B. Moore Sr., to go over the million bushel mark.

A new one-day high was set June 3 when more than 140,000 bushels of wheat crossed the scales and went into the pit.

Fowler said that the harvest here would probably continue for the rest of this week. The price of the bumper crop of wheat has remained at \$2.85 since near the start of harvest and has not changed more than 15 cents since the beginning of the harvest.

Through Monday evening, the total wheat weighed in by Moore Elevator was 1,112,425 bushels.

## NEWS FROM ...

### McCaulley

By Mrs. Fred Kemp

Father's Day brought many happy family reunions I am sure but one especially took much effort when Mr. and Mrs. Rodger Byres and family of Long Lake, Minn., and Mrs. Rickey Goode and son of Wyoming came home to visit with parents Mr. and Mrs. Ray Maberry. Mrs. Byres is the former Ann Maberry and Mrs. Goode the former Jill Maberry. Jill and Ann will also spend some time with their grandmother, Mrs. Maudie Barton, and sister Mrs. Billy Jeffrey.

Mr. and Mrs. Jerry Maberry and grandchildren of Duncannon are here for the week end to visit Mrs. Eula McHone and other relatives of the community. Mr. and Mrs. Donnie Guinn and Mrs. Jane Hemphill of Lubbock are visiting the Ray Maberrys and Mrs. Maudie Barton for a few days.

Mrs. Beatrice Kemp of Holiday Lodge spent Sunday afternoon in the home of Mr. and Mrs. Fred Kemp.

Mr. and Mrs. Loyd Gunter and Mr. and Mrs. J. F.

Higginbotham of Abilene visited Mr. and Mrs. Pete Forbes last week and they spent the afternoon fishing. They were very successful—wonder what their secret lure is.

Mrs. Leo (Betty Jo) Masser of San Antonio is here visiting her father, Ted Abbott. Mrs. Masser is a teacher in San Antonio Schools.

Max Kemp and Shiela Jeffrey of the McCaulley 4-H are in Brownwood at the new 4-H Center there getting Junior Leadership Training and of course doing a bit of swimming and getting acquainted with other 4-H'ers of the state.

Carla Young is spending a couple of weeks with the Don Alexanders in Houston.

Spring weather caused a 5.5 million bushel decline in Texas' winter wheat production this year, Agriculture Commissioner John C. White reported.

## COURTS SPEAK

The State Supreme Court will review for the first time a case raising the issue of an unwed father's paternal rights.

An intermediate court held the state family code did not intend to give an unwed father absolute right to establish a parent-child relationship.

The Court of Criminal Appeals reversed the 90-year sentence of a man convicted in the Hutchinson County stabbing death of a woman in 1971. The Court noted the state introduced testimony in the murder trial that the man had raped a woman four days earlier in Odessa. The appellate Court said the alleged rape was unrelated to the murder, and testimony was prejudicial to the defendant's right to fair trial.

Federal suits have been filed to redistrict Waller and Harrison counties (commissioners' precincts) to increase black representation.

## AG OPINIONS

A commissioners court cannot legally purchase supplies from a farmer's cooperative in which a commissioner owns one or more shares, Atty. Gen. John L. Hill held.

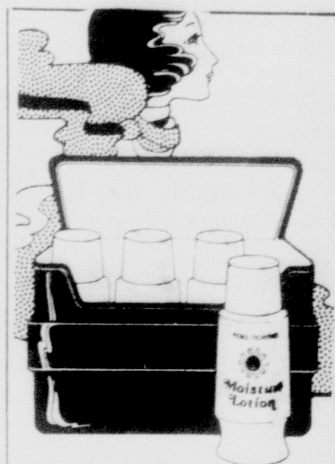

In other recent opinions, Hill concluded:

The county court of Jefferson County has concurrent jurisdiction with county courts at law in probate, lunacy, juvenile and eminent domain matters.

Courts at law have exclusive jurisdiction in all other civil criminal matters.

There is convincing evidence of a break in the recession, according to the University of Texas Bureau of Business Research.

Comptroller Bob Bullock said audits and field examinations by his office found \$1.8 million owed the state in back taxes.

FROM THE FILES . . .

FIFTY YEARS AGO  
(June 19, 1925)

They City Park was the scene of a most delightful evening Tuesday. The Hamlin Band delivered their weekly concert from seven-thirty to eight-thirty and Mr. S. M. Gloyd, of Oklahoma City, President of the Texas Cement and Plaster Company delivered an address on his recent "round the world" trip.

For several weeks there has been under construction at the South end of Central Avenue one of the most attractive and up-to-the-minute filling stations in this part of the country. It is a combination affair. Two gas stands modernly operated, a good sized store room for accessories and for groceries and cold drinks, and still that's not all. Up in the second story are rooms for the people to live in who operate the plant. Electric lights and city water complete the station. Near by are ample camping grounds for the traveler. This plant is owned by Dr. L. P. McCrary, but the operators and owners of the stock are B. E. Sparks & Sons.

According to Band Master, G. C. Collum, Haskell is going with their band and big delegation to Paducah to attend the District meeting of the W. T. Chamber of Commerce. They are expecting to bring the next District meeting to their city.

The Big Lake Oil Co., today paid the State \$123,000 royalty on oil produced on University of Texas land in Reagan county during May, an increase of over \$42,000 over the previous month. The May payment breaks all records.

TWENTY YEARS AGO  
(June 17, 1955)

The weather man dealt out an assortment of weather in the Hamlin area Tuesday afternoon and night that was both beneficial and destructive. Some much needed moisture came and yet wind and hail damage to crops and buildings reached thousands of dollars. Rainfall of 1.42 inches was recorded at the government gauge in Hamlin. The fall amounted to two inches north and northwest of town and up to nearly four inches in the Sylvester and Royston sections west of town. Hail damage extended in a hop-skip-and-jump patterns, with the worst damage probably northeast of town and in the McCauley and Royston areas.

New police patrol car recently purchased for the City of Hamlin arrived over the weekend and was put into service Tuesday by the three member police force. The car is a six-cylinder Chevrolet with special battery equipment. The light green car will be spotted with a police sign on the front doors of each side.

Sol and Ed Branscum, members of the Hamlin Volunteer Fire Department, were this week attending the annual convention of the Texas Firemen's and Fire Marshals Association in Dallas. They left Sunday and were due to return home Thursday.

Tommy and Ronnie Flenniken, sons of Mr. and Mrs. T. W. Flenniken of Crosbyton, former long time residents of Hamlin, each won a saddle last week at the Fort Worth Horse Show Rodeo. The boys, ages 17 and nine, won the saddles by virtue of their accumulated scores in 14 events in which they participated.

Leveling course of asphalt material on the 19-mile highway stretch from Hamlin to Anson on Highway 83 was due to be com-

pleted by mid-week, according to representatives of Collins Construction Company of Austin.

TEN YEARS AGO  
(June 17, 1965)

Revonna Kay Robertson, Sue Roddy, Sharon Hawkins and Cynthia Stephens, chapter officers for the coming year in the local Future Homemakers of America, attended a FHA workshop at the Texas Tech University Tuesday and Wednesday. They were accompanied by Homemaking teachers, Mrs. Camille Simmons and Mrs. John D. Ferguson.

Nine Hamlin students will attend the 18th annual McMurtry College Band and Twirling school, July 11-24, and Tim Jones, Hamlin band director, will be one of the instructors. The Hamlin students having been accepted for the school are Dianna Crowley, Jane Hymen, Sharee Renee Nail, Patti Murphree, Terese Perrin, Patricia Perrin, Patty Cowan, Reta Grace Oliver and Linda Legan. Nearly 500 students from Texas, New Mexico, Oklahoma and Kansas took part in the band school last year.

Grasshoppers, cutworm and web worms have been reported in fields of young cotton in Jones County, according to word this week from County Agent, Kirby Clayton. The hoppers have been damaging the young cotton in the Stamford area and may be a threat to other areas, says Clayton.

The annual Jaycee Junior Golf Tournament will be held on Friday June 18, 1:30 p.m. at the Hamlin Lakeview Golf Course. The tournament will be medal play. All boys 12 through 17 years old are eligible to enter. There will be no entry fee and no trophies will be given.

The Hamlin Colts played Haskell Redskins here Friday and were beaten 3-1. Haskell scored two runs in the top half of the sixth to win. Paul Long pitched the game for Hamlin. The Colts will play Anson here Friday night. The first game that Hamlin played Anson was won by Hamlin, 9-2, but they were defeated 7-6 last week in Anson.

And What Have You

— Continued from page One

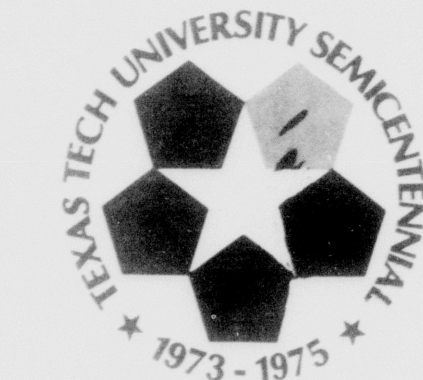

radios that pick up TV signals, and they are selling better than expected.

People who don't care about the TV picture are those who want to catch television news shows or sporting events not available on the radio.

However, the big market is housewives who keep up with daily soap operas but don't feel the need to watch as they know the characters as well as their own families.

With the schools going to the quarter system this fall there will probably be some confusion on the part of parents. The original intent of the quarter system was to use the school facilities the year round with each student only going three-quarters but with staggered vacation periods. But this did not work out because of the availability of teachers and the high cost of summer air conditioning.

So we ended up with the same old school year but now it will be divided into three quarters instead of two semesters. Apparently, after looking at one of the new report cards the new system will also do away with the six weeks grading system and there will just be one grade per quarter. Some students may like this better although those students who have conned their parents into paying for every A may want to negotiate a new contract.

FOR EVERY  
PROBLEM,  
THERE IS  
A SOLUTION

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny, the truth which alone will set him free to live as a child of God.

# THINK SAFETY

## **...it's summer vacation!**

Here they come . . . hundreds of youngsters, delighted with the prospect of summer! Because they are young, they won't always be careful—they won't always think about the danger of dashing into streets without watching traffic. That's why motorists must be doubly careful now, when so many youngsters will be out on the streets. Think of the children—think safety!

## Bids, Legal, Auction

**AN ORDINANCE FIXING AND DETERMINING THE GENERAL SERVICE RATE TO BE CHARGED FOR SALES OF NATURAL GAS TO RESIDENTIAL AND COMMERCIAL CONSUMERS WITHIN THE CITY LIMITS OF HAMLIN, JONES COUNTY, TEXAS, AND PROVIDING FOR THE MANNER IN WHICH SUCH RATE MAY BE CHANGED, ADJUSTED AND AMENDED.**

**BE IT ORDAINED BY THE CITY COUNCIL OF HAMLIN, TEXAS:**

**SECTION 1.** Effective with the first gas bills rendered from and after thirty (30) days from the date of final passage of this ordinance, the maximum general service rate for sales of natural gas rendered to residential and commercial consumers within the city limits of Hamlin by Lone Star Gas Company, a Texas corporation, its successors and assigns, is hereby fixed and determined as follows:

First 800 Cu. Ft. or Fraction Thereof \$2.4639 Gross; \$2.2175 Net

Next 1,200 Cu. Ft. at \$2.3010 Per Mcf Gross; \$2.0709 Per Mcf Net

Next 3,000 Cu. Ft. at \$1.7454 Per Mcf Gross; \$1.5709 Per Mcf Net

Next 20,000 Cu. Ft. at \$1.4677 Per Mcf Gross; \$1.3209 Per Mcf Net

Over 25,000 Cu. Ft. at \$1.4121 Per Mcf Gross; \$1.2709 Per Mcf Net

No gas bill will be rendered to any residential or commercial consumer served under the above rate not consuming any gas during any monthly billing period.

### ADJUSTMENTS

The amount of each net monthly bill computed at the above-stated rates shall be subject to the following adjustments: Plus or minus the amount of any increase or decrease, respectively, above or below the 94.19 cent per Mcf level in the intracompany city gate charge as authorized by the Railroad Commission of the State of Texas or other regulatory body having jurisdiction for gas delivered to Lone Star Gas Company's distribution system for sale to residential and commercial consumers where such changes are caused by increases or decreases in the cost of gas purchased by the Company; plus an amount equivalent to the proportionate part of any new tax, or increased tax, or any other governmental imposition, rental, fee or charge (except state, county, city and special district ad valorem taxes and taxes on net income) levied, assessed

THE HAMLIN HERALD, HAMLIN, TEXAS, 79520

or imposed subsequent to May 1, 1975, upon or allocable to the Company's distribution operations, by any new or amended law, ordinance

Company's distribution operations, by any new or amended law, ordinance or contract. Each gross monthly bill shall be adjusted proportionately. Company, at its option, may forego the application of any adjustment if such adjustment would result in an increase in the monthly bill; however, failure of Company to apply any adjustment shall not constitute a waiver of Company's right from time to time, or at any time, to make any adjustment, in whole or in part, in any subsequent current monthly bill that may be applicable to such bill.

Net rate shall apply to all bills paid within ten days from monthly billing date; gross rate shall be applicable thereafter.

The above rate is applicable to each residential and commercial consumer per meter per month or for any part of a month for which gas is used at the same location.

In addition to the aforesaid rates, Company shall have the right to collect such reasonable charges as are necessary to conduct its business and to carry out its reasonable rules and regulations in effect.

**SECTION 2.** The rate set forth in Section 1 may be changed and amended by either the City or Company furnishing gas in the manner provided by law. Service hereunder is subject to the orders of regulatory bodies having jurisdiction, and to the Company's Rules and Regulations currently on file in the Company's office.

**SECTION 3.** It is hereby found and determined that the meeting at which this ordinance was passed was

open to the public, as required by Texas law, and that advance public notice of the time, place and purpose of said meeting was given.

**PASSED AND APPROVED** on this the 16 day of June, A.D. 1975.

## Reddy's helpful tips for your Room Air-Conditioners

Your air conditioner will operate inefficiently if filters are not cleaned regularly. Dirt and lint collected on the filters restricts air flow to the coils. Clean filters every two weeks.

Let nature help you save energy by shading your home with trees and shrubs to help cut down on summer cooling costs. Draw draperies against afternoon sun.

Remember to keep outside doors, windows, and fireplace dampers closed. If you have window units, close the heating vents near the floor, as cool air falls and can escape through vents.

You purchased fine-home comfort when you bought your air conditioning unit. Properly maintained, it will offer you years of efficient service. A once-a-year check-up by your dealer pays dividends in savings on operating and breakdown costs.

# Co. Agent Sounds Screwworm Alert

Warm weather and rains over a big part of Texas have combined to provide ideal conditions for the most serious livestock pest in the state—the ever menacing screwworm.

"Stockmen should be particularly alert for this flesh-eating pest at this time because infestations can build up rapidly in late spring and early summer unless all cases are reported as soon as possible," points out Kirby Clayton, county agent for the Texas Agricultural Extension Service.

"Regular herd checks and the treatment of all wounds is essential to keep screwworm cases at a minimum," emphasizes Clayton.

Any worms found in livestock wounds should be sent to the Mission Lab, Box 969, Mission, Texas 78572. Kits for mailing the worm samples are available from the county Extension office and local livestock inspectors and veterinarians.

"If the worms are confirmed as being screwworms, sterile male flies will be dropped over the area where the confirmed cases originated," explains

Clayton. "These sterile males mate with the female screwworm flies, and the eggs that are produced will not hatch. Since the female flies usually mate only once in their lifetime, their life cycle is ended. When enough sterile matings have occurred, eradication of the screwworm is achieved."

For the eradication program to be effective, prompt reporting of all worm cases by stockmen is paramount, emphasizes Clayton. Screwworms are found most often in the navels of newborn calves. Also, "Working" wounds such as those resulting from shearing, docking, ear-marking, branding and castrating are prime locations for screwworm flies to lay their eggs.

Therefore, Clayton advises postponing such "work" on stock until late fall after the danger of screwworms has subsided. However, if such work is absolutely necessary, a USDA-approved spray or dip will help reduce the risk of screwworm infestations.

## Funeral Services Held Tuesday for Thomas Conner

Funeral for Thomas B. (Tom) Conner, 87, was held Tuesday at 2 p.m. at McCoy Chapel of Memory with O. R. Proctor, minister of the Oak Street Church of Christ in Abilene, officiating.

Mr. Conner, a resident of Hamlin since 1916, died at 3:20 p.m. Sunday at Hamlin Memorial Hospital.

He was born Jan. 17, 1888, in Greenville, son of the late Mr. and Mrs. Thomas J. Conner. He married Rosie Stiles at Elmore City, Okla., April 7, 1906.

He was a railroad employee for 19 years and then was employed by Moore Grain Company until he retired.

Survivors include five sons, Ref, Alvin, Thomas of Lubbock, James of Tye and Cecil of Dallas; two daughters, Mrs. Hazel Mahan of Abilene and Mrs. Ola Mae Bogle of Lubbock; three brothers, Jerry of Bolder City, Nev., Bryant and Travis; three sisters, Mrs. Gertie Sortor of Ennis, Madge Norman of Austin and Pearl Miller, 34 grandchildren and 36 great-grandchildren.

Burial was in Hamlin East Cemetery under the direction of McCoy Funeral Home.

Pallbearers were Robert Fowler, Lonnie Kidd, Jerry Pritchard, Lee Hastings, Ester Hastings and Langford McCracken.

## John Howard III Honored At A&M

John V. Howard III, a junior agriculture economics major at Texas A & M University, earned the designation of a "Distinguished Student" for the spring semester. He is among those students that compiled a grade point average of 3.25 or better.

After receiving an "A" in Principles of Economics during the past semester, he has been invited to pursue this field further and become a major in economics by Wendy L. Gramm, associate professor, department of economics.

Howard is the son of Mr. and Mrs. Jno. V. Howard.

## Funeral Services Held Monday for Will Address, 90

W. F. (Will) Address, 90, a Hamlin resident since 1912, died at 10:10 p.m. Saturday at Holiday Lodge nursing home.

Services were held at 2 p.m. Monday at First Baptist Church with the Rev. Marshall Stewart, pastor of the Church of the Nazarene, and the Rev. Lewis Clegg, pastor of the Buffalo Gap Nazarene Church, officiating.

Burial was in Hamlin East Cemetery, under the direction of McCoy Funeral Home.

Born Feb. 28, 1885, in Rusk, he was the son of the late Mr. and Mrs. Jim Address. He moved to Comanche at the age of five. He married Jessie Dillingham at Comanche in 1907.

They moved to Hamlin in 1912 where he was a farmer and later a building contractor. He became blind at the age of 43 and sold popcorn in downtown Hamlin for about 30 years. He also managed rent property. His wife died in 1971.

Survivors include two sons, James of California, Marvin of Breckenridge; four daughters, Mrs. W. H. (Naomi) Mayfield of Roby, Mrs. Grace Holder of Gardena, Calif., Mrs. Sybil Dryden and Mrs. Cal (LaNelle) Brown, both of California; one brother, Buck Address of Brownfield, 16 grandchildren and several great-grandchildren. One son, Carl, preceded him in death.

Pallbearers were Bill Smith, Noel Weaver, J. C. Turner, Donald Young, Raleigh Reynolds and M. S. Johnson.

## W. H. Albritton Named TADA Area Director

W. H. Albritton of Albritton Buick-Rambler-GMC, Hamlin, has been appointed to the key post of area director of the Texas Automobile Dealers Association.

Gene N. Fondren, TADA executive vice president in Austin, said Albritton will report to the TADA Board of Directors on all phases of activity relating to the motor vehicle buying public in Hamlin.

"Albritton will work closely with legislative and other governmental officials on all matters pertaining to the industry and the auto buying public," commented Fondren.

"The job of Area Director is one of the most important in our giant statewide association," said TADA president Hall Nall of Plainview.

# Neinda Philosopher Figures Out System Of Guaranteed Accuracy In Economic Forecasts

Editor's note: The Neinda Philosopher on his Johnson grass farm on Route One examines the economists again this week.

Dear editor:

Most of the economists, who didn't know the recession was coming, are now saying it's ending, at least if not this quarter then the next quarter or the next one after that, somewhat like the football coach who said he could have won if there'd been five or maybe six quarters in the game.

So now the problem, they say, is inflation which, as one of them said, "everybody knows is caused by too much money chasing too few goods." This of course leaves out one other factor: the greed that causes bigger and bigger mark-ups. With us and the Arabs for example, it's less and less money chasing

more and more oil at higher and higher prices. And sometimes I get the feeling some outfits in this country are using the Arab system.

Economists though are in such bad repute I've decided to come to their rescue, and am establishing the J. A. School Of Guaranteed Accuracy In Economic Forecasts.

It will be divided into three parts. Viewing the current situation for example, Part A will say things are getting better; Part B will say things are getting worse; Part C will say they're back six months from now, pick out one prediction and ignore the other two, and say, you know, he was right about that.

I don't know what economists get paid, but I'll take half what they're getting and consider my salary inflationary.

Changing the subject, I see that our friend New York, the city with lots of brains but not enough sense to manage its money, has re-financed with a big loan and is now able to pay its bills for the next few months at least, for which the mayor has heaved a sigh of relief.

It reminds me of the man who had a note coming due at the bank and couldn't meet it. After spending three sleepless nights before the due date worrying about it he went in and confessed to the banker he simply couldn't pay off. The banker let him sweat a while and then agreed to renew the note.

The man signed quickly, came out of the bank, wiped his brow, and said, "Man, am I glad to get that debt settled."

Yours faithfully,  
J.A.

## CAPITAL HIGHLIGHTS—

# New Program to Boost Economy

AUSTIN — A new program to boost the economy has identified more than 6,000 available jobs in its first month of operation.

Executive Director Jim Harwell of Texas Industrial Commission said the effort represented a 50 per cent increase over projections for the entire year.

Lists of new jobs, starting Monday, were posted on windows of local Texas Employment Commission offices.

Harwell indicated the "Texas First" program may result in identification of more than 15,000 jobs during the year — with an economic impact of more than \$1 billion annually.

Texas Education Agency, Texas Employment Commission, Texas Department of Community Affairs and the Governor's Division of Planning Coordination are participating with the Industrial Commission in the program.

Employees lacking skills are offered training through the Texas Start-Up Training Program conducted by the Industrial Commission and through sponsors of manpower training projects.

More than 200 of the top 1,000 Texas industries responded favorably to a questionnaire on expansion needs.

INSURANCE CALL  
Companies writing general liability insurance were given a June 15 deadline to make medical malpractice insurance filings in Texas.

State Board of Insurance Chairman Joe Christie said the call is the first formal action under emergency legislation permitting the Board to regulate professional medical liability insurance for the first time in 20 years.

The Board's bulletin to insurance companies will require the filing of rules, rates and policy forms presently used in writing medical malpractice coverage in Texas. The Board will act immediately

## Thad Harden Heads Station

Commander Thad H. Harden, U. S. Navy, will assume command of the Naval Communications Station in Washington, D. C., during the change of command ceremony Friday at 2 p.m. at the Naval Communication Station at Cheltenham, Md.

Comm. Harden, a native of Hamlin, lived here as a young child. He is the son of Mr. and Mrs. Harold Harden, now of Kingsland. His grandparents were the late Thad E. and Dollie D. Harden, pioneer settlers in Hamlin.

Comm. Harden graduated from El Paso High School and went into the U. S. Navy. He served several years in the Pacific and Japan.

# Church Sets Bake Sale Saturday

Central Baptist Church will sponsor a bake sale Saturday in front of the Piggly Wiggly Supermarket. All church members are urged to make a cake, pie or cookies. Anyone needing their pastries picked up may call Gary Cooper or Frank Meyner Friday evening.

Proceeds are to go toward paying the expenses of the youth department to attend the Super Summer '75 Youth Evangelism Conference held in Fort Worth July 3-5.
